

# Love's Awakening

4-DAY-SEMINAR

Four whole  
days just  
for yourself!

The 4-Day Seminar is the signature event of the Love's Awakening offerings – a residential program for people who want to grow spiritually and transform in their lives. You will have focused time for four days without the everyday distractions. And you will be with others who want to grow spiritually. The Seminar will allow you to move very deep within yourself.

**Love's Awakening offerings** are a safe environment to uncover, explore and express all parts of yourself – body, mind, heart, and spirit.

If you are looking for answers to questions like "Who am I really? How can I live a fulfilling life?", you can find the answers for yourself through the deep meditations, sharing in small groups, times of silence and contemplation.

You will discover the roots of the discontent in your life. You will learn to let go of what is in the way of your living a fulfilled life, e.g. anger, blame, guilt, shame, jealousy, and stress. You will come to know and experience the transformational energy and special assistance of God.

In the depth of your being, you will find

- ♦ real, unconditional love
- ♦ who you really are as opposed to who you think you are
- ♦ a profound personal connection with God.

**Love's Awakening will bring lasting positive changes into your life!**

The Love's Awakening process was developed by Kalindi. Kalindi is a significant contemporary spiritual Master and the founder of Miracle of Love (now called Center of The Golden One).
